1. About the Programme :- The Capacity Building Programme on National Education Policy (NEP) 2020 and Digital Transformation in Higher Education aims to provide a comprehensive understanding of the vision and objectives of NEP 2020. The programme highlights the growing importance of digital technologies in reshaping the higher education landscape. It is designed to equip participants with the knowledge and skills required to effectively integrate digital tools and innovative practices in teaching, learning, and administration.

2. Objectives :- The programme seeks to enhance the capacity of teachers, researchers, and academic professionals by familiarizing them with the key aspects of NEP 2020 and its implementation strategies. It aims to promote the effective use of digital tools and platforms in higher education and to develop a deeper understanding of technology-enabled learning. The programme also focuses on fostering innovation, improving teaching methodologies, and strengthening academic and research capabilities.

3. Key Highlights :- The programme includes expert sessions delivered by eminent academicians and professionals, hands-on training on digital tools and platforms, and interactive workshops to encourage active participation. Participants will gain practical exposure to modern teaching techniques and digital resources. A certificate will be awarded to all eligible participants upon successful completion of the programme.

4. Who Can Participate :- The programme is open to faculty members, research scholars, students, and academic administrators who are interested in enhancing their knowledge and skills in the areas of NEP 2020 and digital transformation in higher education.

5. Resource Persons / Speakers :- The programme will feature distinguished resource persons, subject experts, and academicians from reputed institutions. Detailed profiles of the speakers, including their qualifications, experience, and areas of expertise, will be shared with the participants. These experts will provide valuable insights and practical knowledge on NEP 2020 and digital transformation in higher education.

6. Certification :- All participants who successfully complete the programme will be awarded a Participation Certificate. To be eligible for the certificate, participants must fulfill the required criteria, such as maintaining a minimum of 80% attendance and active participation in sessions.

About The RISSMS

The Research Institute of Social Science & Management Studies (RISSMS) operates under the Social Science & Management Welfare Association, Jabalpur, Madhya Pradesh. The institute was established with the vision of promoting quality research, education, training, innovation, and community-oriented development in the fields of social sciences and management studies.

The parent organization is a registered society (Registration No. 04/14/01/18679/17, dated 23 January 2017) and is also registered with NITI Aayog (NGO Darpan) under Registration No. MP/2022/0303537. Since its inception, the institute has been committed to creating a strong academic and research-oriented environment that bridges the gap between theoretical knowledge and practical social development.

RISSMS actively promotes interdisciplinary research, capacity building, and knowledge dissemination in areas such as education, sustainable development, social welfare, entrepreneurship, public policy, and management studies. The institute organizes conferences, seminars, workshops, Faculty Development Programmes (FDPs), research methodology workshops, online courses, and research publication activities to support academic excellence.

The Social Science & Management Welfare Association has expanded its activities at both national and international levels and is associated with various academic institutions, universities, and research organizations. It also publishes international and national peer-reviewed research journals in collaboration with SRF Publications, aimed at promoting innovative research and academic advancement.

The Association works across universities, colleges, and research institutes, and has dedicated cells such as the Women's Cell, Youth Cell, International Women's Cell, and International Youth Cell. At present, the Association operates across multiple states in India and extends its academic and research collaborations to over 44 countries worldwide.

The institute has established collaborations (MoUs) with several reputed universities, colleges, and research institutions at national and international levels to promote academic cooperation, research exchange, and institutional development.

Through its continuous efforts, RISSMS aims to strengthen research culture, enhance academic capacity, and contribute to the development of higher education at both national and global levels.
